DID YOU KNOW

THAT MALE PRISONERS ARE HELD IN WOMEN'S PRISONS THROUGHOUT THE USA?

That's Right women's prisons are actually mixed sex

usa.kpssinfo.org

This is because both federal regulations and individual state laws allow male prisoners to be housed in women's prisons on the basis of transgender status or gender identity.

In making these policies, no organizations representing the interests of women in prison were consulted.

We think this is wrong and puts women in prison at risk.

IF YOU DO TOO, PLEASE JOIN OUR CAMPAIGN TO PROTECT THE RIGHTS OF WOMEN IN PRISON.

KEEP PRISONS SINGLE SEX XX
